PROSPECTUS.

A GENERAL desire having been ex-
pressed in favour of forming a
Limited Company of the old established
CHINA MARINE INSURANCE OFFICE, known
as THE CANTON INSURANCE OFFICE, it has
been decided to constitute a New Office, to
commence business on 1st January, 1882,
under the general management of Messrs.

JARDINE, MATHESON & Co., of China.

All accounts relating to the Old Office

will be closed on the 31st December, 1881,

and the Office wound up, no liability what-

ever being taken over for outstanding risks

or otherwise, by the New Company. The

Company, however, will be at liberty to

accept as re-insurances, any of the out-

standing risks of the Old Office which they

may deem advisable.

The business of the Office will be Marine

Insurance in all its branches, as shown in

the Memorandum of Association, and the

changed constitution now effected has been

made with a view of dividing the chief share

of the profits amongst all contributors of

Premium, instead of the whole profits being

divided, as heretofore, amongst Sharehold-

ers only.

The net profits, declared from time to

time by the Consulting Committee, will be

appropriated as follows, and in the follow-

ing order of priorities:—

1. Interest at the rate of 10 per cent.

per annum (non-cumulative) on the

paid up Capital of the Office; and it

will be provided by the Articles of

Association that *ad interim* payments

may be declared and distributed half-

yearly.

2. In the establishment and main-

tenance of a Reserve Fund, of \$500,000

(Five hundred thousand Dollars).

3. In making a return to all contribu-

tors of premium, whether Share-

holders or not, in proportion to the

amounts of premium paid.

The Reserve Fund will be formed by

annual appropriations of not more than 30

per cent. of the profits of the year, after

payment of a 10 per cent. dividend to

Shareholders.

The interest accruing on the Reserve

Fund will be the property of the Share-

holders, and will be distributed *pro rata*

amongst the Shareholders as may appear

most expedient from time to time.

The Reserve Fund will be credited as

above provided for until it shall reach

\$500,000, at which sum it will be main-

tained by further appropriations on the fore-

going basis, as may be necessary from time

to time. It will remain the property of

Shareholders and will be applicable only to

Intimations.

may be inspected at the offices of Messrs
JARDINE, MATHESON & Co., and of Messrs
BREKTON & WOTTON, Solicitors to the
Company.

THE CHINA REVIEW.

The subscription is fixed at \$6.00 postage paid, per annum, payable by non-residents in Hongkong half-yearly in advance.

The publication includes papers on original and collected facts on the Art, Literature, Science, Ethnology, Folklore, Geo-graphy, History, Literature, Mythology, Manners and Customs, Natural History, Religion, &c., &c., of China, Japan, Mongolia, Tibet, the Eastern Archipelago and the Far East, and subjects upon which contributions are especially invited is incorporated with each number. Original contributions in Chinese, Latin, French, German, Spanish, Italian or Portuguese, are admissible. Endorsements are made to present a volume in case of non-receipt of the one just received, work bearing on Chinese matters. Great attention is also paid to the Review department.

The *China Review* for July and August, 1876, is at hand. It says that forty-two essays were sent in to compete for the best paper on the advantages of Christianity for the development of a State. All our learned societies should subscribe to this scholarly and entertaining *Review*. It is a sixty-paged, bi-monthly, repository of what scholars are ascertaining about China. The lecture on Chinese Poetry in this volume is alone worth the price of the *Review*. Address *China Review*, Hongkong.—*Northern*

Traveller's Oriental Record contains the following notice of the *China Review* :—" This is the title of a publication, the first number of which has lately reached us from Hong-kong, where it has been set on foot as in some respects a continuation of *Notes and Queries on China and Japan*, the extinction of which useful serial a year or two ago has been much regretted in Europe as well as in China. . . . The present publication, judging by the surplus pamphlets we happened to

by the number now before it, is intended to be a position wherefore China has no neighborly countries similar to that which has been filled in India by the *Calcutta Review*. The great degree of attention that has been bestowed of late years upon the investigation of Chinese literature, antiquities, and social developments, to say nothing of linguistic studies, has led to the accumulation of important facts, and to the publication, rendering some such channel of publicity as is now provided extremely desirable; and contributions of much interest may fairly be looked for from the members of the foreign consular services, the Chinese of the foreign press, and the missionary body, among whom the dog-eared *Calcutta Review* scholarship is now assiduously cultivated, and who are severally represented in the first

number of the *Review* by papers highly creditable to their respective authors. In a paper on *Dr. Legge's Shu King*, by the Rev. E. J. Eitel, to which the place of honor is given, the reviewer presents a summary is presented of the cosmological problems and arguments involved in connection with this important work. Some translations from Chinese novels and plays are marked by both accuracy and freshness of style; and an account of the career of the famous post-est-aman of the eleventh century, Su Tung-ping, by E. J. Eitel, is not only highly valuable, but is also distinguished by its literary grace. Beside notices of new books relating to China and the East, which will be a useful feature of the *Review*, it carried out with funtality the relation, as it gives to notice that "Notes and Queries" is a new feature, and finds a place in its pages also. It is to be hoped that this opening for contributions on Chinese subjects may evoke a similar degree of literary zeal to that which was displayed during the lifetime of its predecessor in the field, and that the *Chinese Review* may live the life of the *Chinese Recorder* in its continuance. The publication is intended to appear every two months, and will form a substantial octavo magazine.

This paper is now issued every day. The subscription is fixed at *Four Dollars* per annum delivered in Hong-kong, or *Seven Dollars Fifty Cents* including postage to Coast ports.

It is the first Chinese Newspaper ever issued under purely native direction. The chief support of the paper is of course derived from the native community, amongst whom also are to be found the guarantors and securities necessary to place it on a business and legal footing.

The projectors, basing their estimates upon the most reliable information from the various Ports in China and Japan,—from Australia, California, Singapore, Penang, Saigon, and other places frequented by the Chinese,—consider themselves justified in guaranteeing an ultimate circulation of between 3,000 and 4,000 copies. The advantages offered to advertisers are therefore unusually great, and the foreign community generally will find it to their interest to avail themselves of them.

The field open to a paper of this description—conducted by native efforts, but progressive and anti-obstructive in tone—almost limitless. It on the one hand commands Chinese belief and interest while on the other it deserves every aid that can be given to it by foreigners. The English journals it contains Editorials, 4th Local, Shipping, and Commercial News and Advertisements.
